

The graph illustrates a complex network of connections between educational institutions, categorized by sector and discipline. The nodes are color-coded: yellow for University, purple for Polytechnic, and teal for Private. The disciplines represented are SocialSc, Health, Biology, PhysicalSc, CompSci, and Engineering. The connections are dense, showing a high degree of interaction between institutions across all sectors and disciplines.

The graph displays a dense network of connections between 25 schools. The nodes are categorized by color: yellow for co-ed schools, teal for boys' schools, and purple for girls' schools. The connections are represented by a complex web of lines, indicating a high degree of interconnectivity between the schools. The layout is roughly circular, with schools at the periphery connected to those in the center.
